

Hello & Welcome to the March 2022 E-Newsletter

AGM

The JAA AGM was held via Zoom once again this year on 9th Feb . Thank you to those who tuned in. The minutes are on our website under Recent Documents.

The previous committee were all happy to stay on as members. We had no new volunteer members this time so if anyone thinks at any point this year that they might want to join in and help us with the decision making, please get in touch JAAcommittee@gmail.com

Plot of the Year 2021

The Fred Naylor memorial cup for Plot of the Year 2021 (kindly donated a few years ago by Fred's family, in remembrance of him and his many happy days on his allotment) went to the plots held by one of our charity groups Open Country. Their plots 84A, 85 A and C are always in excellent shape and it was a well-deserved win. Here are some of their group being presented with the award by the Chairman.

Plot Reviews

The new plot review team will soon be conducting plot reviews once again to ensure the site is safe for all and that as tenants we adhere to the rules agreed by the council for our site. Please use this dormant season to make any repairs following the storms, remove rubbish to the tip and get your plot in shape ready to grow!

Spring Bulbs

You may have noticed all the hard work planting the spring bulbs is paying dividends as they start to grow and give us a great colourful display when entering site. Thanks to everyone who helped.

Fees

Thank you to those who paid their plot fees in good time this year.
